

Draw the coins that you could use to make these amounts.

17p

24p

36p

42p

55p

63p

88p

£1 and 20p

£2 and 5p

£5 and 10p

Now can you challenge yourself a little and answer these questions?

Tick the odd one out

95p = 50p, 20p, 20p, 5p

95p = 50p, 20p, 20p, 2p, 2p

95p = 50p, 20p, 20p, 2p, 2p, 1p

Ben has a money box that holds 2p coins only.
Is it possible for Ben to have 50p in total in there?
Circle yes or no.

YES

NO

Explain how you know.

Use the money to fill the purse.
You can only use each coin once.
Cross out the coins you have used.
