

Task 1 – Can you name these continents?

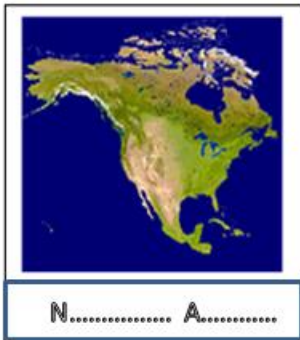

Image source: NASA public domain images

Task 2 – Look at the data below in the table – Can you list the continents from

- 1) Biggest to smallest continent
- 2) Biggest number of countries to the smallest number of countries
- 3) biggest population to smallest population living there.

CONTINENT	AREA Million Square KM	Number of countries	Population Millions of people
Africa	29.6	54	1.34 billion 1340 million
North America	21.3	23	368 million
South America	17.5	12	430 million
Antarctica	13.7	0	0
Asia	31.0	44	4.6 Billion 4600 million
Australasia and Oceania	8.4	14	42 million
Europe	22.1	50	747 million

Biggest Area
