

### **The Multi-Function Mobile Phone**

Are you a spy interested in the latest, state-of-the-art gadgets? If so, you will need the new Multi-Function Mobile Phone. Don't be the only spy left stranded on your next mission unable to contact those back home.

The Multi-Function Mobile Phone is the ideal phone for all spies as it boasts a host of amazing features. Firstly, it has worldwide access so that you can always be in contact with HQ. Additionally, it has a cloaking mode allowing you to make untraceable calls.

This ideal mobile phone has the added bonus of a hidden tranquillizer dart that can be fired through the aerial. It is guaranteed to leave your enemies stunned (though with no serious after effects). A further feature is that the phone is made from titanium steel; it is unbreakable, working both underwater and in outer space!

Perhaps the most essential reason for purchasing this 'must-have' phone is that it can only be used by the owner. Access to the phone is restricted using a Fingerprint Recognition Scanner (or F.R.S. for short). Your secret missions and evidence will be safe using this phone as it is simply impossible to hack into.

Don't just take our word for it! Listen to what James Bond – who is known by his code number 007 – has to say about this must-have phone: "I thought I had every gadget I required until Q invented the magnificent Multi-Function Mobile Phone. Now I wouldn't possibly attempt a mission without it."

If that weren't enough, the Multi-Function Mobile Phone comes complete with a wireless charger and free leather case. Make sure you don't miss out: buy it today from any good spy shop!
